

# MUST HAVE РІШЕННЯ ТА ПРОДУКТИ ДЛЯ БІЗНЕСУ

Спікер

**АНЖЕЛА ПОЗДНЯКОВА**  
Бізнес-архітектор, Хранд

**Dynamics 365 Finance**

- Financial management for medium and large enterprises
- Revenue recognition
- Fixed assets
- Expense management
- Inventory valuation
- Financial reporting
- Bank reconciliation
- Accounts receivable
- Accounts payable
- Financial consolidation
- Financial forecasting
- Financial risk management
- Financial compliance
- Financial audit
- Financial data integration
- Financial data migration
- Financial data backup and recovery
- Financial data archiving
- Financial data security
- Financial data governance
- Financial data privacy
- Financial data retention
- Financial data deletion
- Financial data recovery
- Financial data backup and recovery
- Financial data archiving
- Financial data security
- Financial data governance
- Financial data privacy
- Financial data retention
- Financial data deletion
- Financial data recovery

**Dynamics 365 Supply Chain Management**

- Supply chain management for medium and large enterprises
- Master planning
- Inventory visibility
- Warehouse management
- Order management
- Transportation management
- Procurement management
- Production management
- Quality management
- Customer service
- Logistics management
- Warehouse optimization
- Inventory optimization
- Order fulfillment
- Customer experience
- Supply chain risk management
- Supply chain sustainability
- Supply chain transparency
- Supply chain collaboration
- Supply chain integration
- Supply chain data integration
- Supply chain data migration
- Supply chain data backup and recovery
- Supply chain data archiving
- Supply chain data security
- Supply chain data governance
- Supply chain data privacy
- Supply chain data retention
- Supply chain data deletion
- Supply chain data recovery

**Dynamics 365 Project Operations**

- Project management for medium and large enterprises
- Project sales
- Project execution
- Project collaboration
- Project reporting
- Project risk management
- Project compliance
- Project audit
- Project data integration
- Project data migration
- Project data backup and recovery
- Project data archiving
- Project data security
- Project data governance
- Project data privacy
- Project data retention
- Project data deletion
- Project data recovery

**Dynamics 365 Business Central**

- Small and medium-sized businesses
- Financial management
- Supply chain management
- Customer service
- Human resources
- Marketing
- Operational management
- Compliance
- Reporting
- Integration
- Scalability
- Flexibility
- Customization
- Extensibility
- Interoperability
- Portability
- Reliability
- Security
- Performance
- Availability
- Supportability
- Manageability
- Operability
- Installability
- Configurability
- Testability
- Deployability
- Upgradeability
- Recoverability
- Flexibility
- Customization
- Extensibility
- Interoperability

- Reliability
- Security
- Performance
- Availability
- Supportability
- Manageability
- Operability
- Installability
- Configurability
- Testability
- Deployability
- Upgradeability
- Recoverability

**Dynamics 365 Sales**

- Sales management solution
- Client management
- Conversation intelligence
- Insights-based sales acceleration
- Engagement platform
- Proactive activity notification
- Forecasting and pipeline intelligence
- Facilitating digital selling
- Pipeline manager workspace
- Order management
- Proposal management
- Lead management
- Product information management
- Competitors management
- Microsoft Relationship Sales Integration
- Process automation
- Visual insights
- Virtual Agent for Customer Service
- Unified intelligent routing
- Knowledge management
- Customer Teams Integration
- Relationship Intelligence
- Business process flow
- Document management
- Teams and Outlook collaboration

**Dynamics 365 Customer Service**

- Customer service management
- Forecast case and conversation volumes
- Customer service center
- Connected customer service
- Agent experiences & productivity
- AI-suggested cases
- Queue management
- Case manager workspace
- Task management
- Service calendar management
- Product information management
- Client management
- Service-level agreements
- Omnichannel voice
- All-in-One digital contact center
- Integration with Dynamics 365
- Virtual Agent for Customer Service
- Unified intelligent routing
- Knowledge management
- Customer Teams Integration
- Relationship Intelligence
- Business process flow
- Document management
- Teams and Outlook collaboration

**Dynamics 365 Customer Service Professional**

- Customer service management for professionals
- Personalize service
- Intuitive agent experiences
- Knowledge-driven case management
- Customer satisfaction insights
- Deep AI intelligence
- Actionable insights
- Agent performance optimization
- 360-degree view of customer journeys
- Operational case management
- Self-service portals

**Dynamics 365 Field Service**

- Field service and maintenance management
- Connected field service
- Resource planning & management
- Proactive service delivery
- Resource scheduling dashboard
- Empower frontline workers
- Customer assets management
- Service orders management
- IoT alert AI-based suggestions
- Contracts/Offers management
- Service operations optimization
- Logistic manager ordering
- Return management
- Billing
- Procurement management

**Dynamics 365 Marketing**

- Marketing management
- AI-powered analytics
- Customer journey orchestration
- Event management
- Client management
- Digital marketing
- Marketing campaign management
- Deeply personalized emails
- Layout editor
- AI-powered email content ideas
- Power Automate flow support
- Build-in Microsoft Teams chat
- Unified customer journey management
- Customer insights integration

**Microsoft Relationship Sales**

- Build customer relationships at scale with relationship selling
- Customer 360 view
- LinkedIn Sales Navigator integration
- Relationship visualization
- Opportunity risks management
- Contacts analysis
- Next best action
- Smart Links integration
- Small communications support

**Dynamics 365 Customer Insights**

- Power personalized engagement with customer insights
- Data enrichment
- Segmentation
- Customer data platform management
- Consent management
- Transactional churn model
- Customer cards
- Profile search & discovery
- Teams and Power Automate add-in
- Azure Synapse Analytics integration

**Dynamics 365 Connected Spaces**

- Real-time observational data to improve in-store operations
- Intelligent decisions
- Integration with video cameras
- Shopper analytics
- Intelligent Command Center
- Inventory recommendations
- Equipment failures control
- Equally Summary dashboards
- Customer acquisition funnel
- Computer vision & AI support

**Dynamics 365 Supply Chain Insights**

- AI-driven insights in supply chains
- Digital twins of the supply chain
- Multiple tiers of suppliers
- Enrich demand and supply signals with external events
- Proactively avoid disruptions
- Supply chain maps
- Smart case manager
- Supply and demand simulators
- Real-time weather events

**Dynamics 365 Customer Service Insights**

- Automated AI-driven cases grouping
- Agent suggestions
- Data proofing capabilities
- Customer satisfaction dashboard
- Teams and Power Automate add-in
- Knowledge search
- Intelligent workflow
- Topic details dashboard
- Case resolution dashboard
- Natural language support
- Virtual agents

**Store Commerce app**

- Dedicated hardware station
- Assisted selling
- Client management
- Order processing/fulfillment
- Inventory management
- Cash and carry transactions
- Dynamic 365
- Shift management
- Customer engagement

**Inventory Visibility app**

- Model-driven solution for inventory optimization
- On-hand configuration
- Soft inventory configuration
- Real time on hand inventory queries
- Posting reservation requests
- Inventory on hand
- Inventory with all dimensions

**Dynamics 365 Universal Resource Scheduling**

- Schedule Customer Engagement
- Multi-resource scheduling in Dynamics 365
- Flexible resource configuration
- Full-time performance
- Mobile optimized device
- Schedule based tab
- Resource cost
- Scheduling

**Dynamics 365 Field Service Mobile**

- Mobile solution for field service
- Server data in real time
- Client management
- Email integration
- Push notifications
- Access documents
- Windows 10
- Real time
- Comprehensive inventory data
- Real time
- Video / audio call support

**Dynamics 365 Omnichannel Customer Service**

- Connect with customers thru different channels
- Communication panel
- Unified customer service
- Next best action
- Single customer view
- Agent configurator
- Agent dashboard / work items
- Video / audio call support

**Dynamics 365 App for Outlook**

- Customize synchronization solution for Microsoft Outlook
- Contacts and leads
- One-look synchronization
- Relationship assistant
- Global search
- Meeting strategy management
- Phone calls and texts

**Dynamics 365 Unified service desk**

- Unified service desk
- Note capturing
- Document management
- Application integration
- Single customer view
- Agent configurator
- Agent dashboard / work items
- Video / audio call support

**Configurable business reporting**

- Microsoft Office-based templates
- Predefined templates
- Customizable data
- Reporting

**Dynamics 365 Sales mobile app**

- Mobile app for Dynamics 365 Sales
- Reminders about tasks
- Partner meeting work
- Account search
- Day planning
- Advanced forecasting and pipeline intelligence
- Sales Coaching 365

**Power Automate**

- Robotic process automation
- Automation for Teams Platform
- Power Automate Desktop
- Power Automate Flow
- Power Automate RPA
- Power Automate Governance
- Power Automate Security
- Power Automate Compliance
- Power Automate Audit
- Power Automate Reporting
- Power Automate Support
- Power Automate Training
- Power Automate Help
- Power Automate Feedback
- Power Automate Updates
- Power Automate Security
- Power Automate Compliance
- Power Automate Audit
- Power Automate Reporting
- Power Automate Support
- Power Automate Training
- Power Automate Help
- Power Automate Feedback

**Power BI**

- Business intelligence
- Power BI Desktop
- Power BI Service
- Power BI Mobile
- Power BI Embedded
- Power BI Gateway
- Power BI Connectors
- Power BI Security
- Power BI Governance
- Power BI Support
- Power BI Training
- Power BI Help
- Power BI Updates
- Power BI Security
- Power BI Governance
- Power BI Support
- Power BI Training
- Power BI Help

**AI Builder**

- Artificial intelligence solution
- Predefined models
- Customizable models
- Integration with Dynamics 365
- Integration with Power Platform
- Integration with Microsoft Graph
- Integration with Azure Cognitive Services
- Integration with Azure OpenAI Service
- Integration with Azure Machine Learning
- Integration with Azure Bot Service
- Integration with Azure DevOps
- Integration with Azure Monitor
- Integration with Azure Log Analytics
- Integration with Azure Security Center
- Integration with Azure Active Directory
- Integration with Azure Key Vault
- Integration with Azure Storage
- Integration with Azure Cosmos DB
- Integration with Azure SQL Database
- Integration with Azure Synapse Analytics
- Integration with Azure Databricks
- Integration with Azure Data Lake Storage
- Integration with Azure Data Lake Gen2
- Integration with Azure Data Lake Analytics
- Integration with Azure Data Lake Warehouse
- Integration with Azure Data Lake Gen2 Warehouse
- Integration with Azure Data Lake Gen2 Warehouse

**Power Apps**

- Business solutions tool
- Canvas apps
- Model-driven apps
- Power Apps Governance
- Power Apps Security
- Power Apps Support
- Power Apps Training
- Power Apps Help
- Power Apps Updates
- Power Apps Security
- Power Apps Governance
- Power Apps Support
- Power Apps Training
- Power Apps Help

**Power Virtual Agent**

- Intelligent virtual agents
- AI-powered
- Self-learning
- Integration with Dynamics 365
- Integration with Power Platform
- Integration with Microsoft Graph
- Integration with Azure Cognitive Services
- Integration with Azure OpenAI Service
- Integration with Azure Machine Learning
- Integration with Azure Bot Service
- Integration with Azure DevOps
- Integration with Azure Monitor
- Integration with Azure Log Analytics
- Integration with Azure Security Center
- Integration with Azure Active Directory
- Integration with Azure Key Vault
- Integration with Azure Storage
- Integration with Azure Cosmos DB
- Integration with Azure SQL Database
- Integration with Azure Synapse Analytics
- Integration with Azure Databricks
- Integration with Azure Data Lake Storage
- Integration with Azure Data Lake Gen2
- Integration with Azure Data Lake Analytics
- Integration with Azure Data Lake Warehouse
- Integration with Azure Data Lake Gen2 Warehouse
- Integration with Azure Data Lake Gen2 Warehouse

**Managed Environments**

- Capabilities to manage server fleets
- Managed Environments
- Managed Environments Security
- Managed Environments Support
- Managed Environments Training
- Managed Environments Help
- Managed Environments Updates
- Managed Environments Security
- Managed Environments Governance
- Managed Environments Support
- Managed Environments Training
- Managed Environments Help

**Microsoft Dataverse**

- Cloud-based, low-code data platform
- Cloud-based
- Low-code
- Data platform
- Integration with Dynamics 365
- Integration with Power Platform
- Integration with Microsoft Graph
- Integration with Azure Cognitive Services
- Integration with Azure OpenAI Service
- Integration with Azure Machine Learning
- Integration with Azure Bot Service
- Integration with Azure DevOps
- Integration with Azure Monitor
- Integration with Azure Log Analytics
- Integration with Azure Security Center
- Integration with Azure Active Directory
- Integration with Azure Key Vault
- Integration with Azure Storage
- Integration with Azure Cosmos DB
- Integration with Azure SQL Database
- Integration with Azure Synapse Analytics
- Integration with Azure Databricks
- Integration with Azure Data Lake Storage
- Integration with Azure Data Lake Gen2
- Integration with Azure Data Lake Analytics
- Integration with Azure Data Lake Warehouse
- Integration with Azure Data Lake Gen2 Warehouse
- Integration with Azure Data Lake Gen2 Warehouse

**Power Apps mobile**

- Mobile solution for Power Apps
- Mobile app for Dynamics 365
- Mobile app for Power Platform
- Mobile app for Microsoft Graph
- Mobile app for Azure Cognitive Services
- Mobile app for Azure OpenAI Service
- Mobile app for Azure Machine Learning
- Mobile app for Azure Bot Service
- Mobile app for Azure DevOps
- Mobile app for Azure Monitor
- Mobile app for Azure Log Analytics
- Mobile app for Azure Security Center
- Mobile app for Azure Active Directory
- Mobile app for Azure Key Vault
- Mobile app for Azure Storage
- Mobile app for Azure Cosmos DB
- Mobile app for Azure SQL Database
- Mobile app for Azure Synapse Analytics
- Mobile app for Azure Databricks
- Mobile app for Azure Data Lake Storage
- Mobile app for Azure Data Lake Gen2
- Mobile app for Azure Data Lake Analytics
- Mobile app for Azure Data Lake Warehouse
- Mobile app for Azure Data Lake Gen2 Warehouse
- Mobile app for Azure Data Lake Gen2 Warehouse

**Power Pages**

- Portal management
- Power Pages
- Power Pages Security
- Power Pages Support
- Power Pages Training
- Power Pages Help
- Power Pages Updates
- Power Pages Security
- Power Pages Governance
- Power Pages Support
- Power Pages Training
- Power Pages Help

**Dynamics 365 Financial Optimization**

- External services for financial optimization
- Financial optimization
- Financial optimization Security
- Financial optimization Support
- Financial optimization Training
- Financial optimization Help
- Financial optimization Updates
- Financial optimization Security
- Financial optimization Governance
- Financial optimization Support
- Financial optimization Training
- Financial optimization Help

**Inventory Visibility Add-in**

- External services for inventory visibility
- Inventory visibility
- Inventory visibility Security
- Inventory visibility Support
- Inventory visibility Training
- Inventory visibility Help
- Inventory visibility Updates
- Inventory visibility Security
- Inventory visibility Governance
- Inventory visibility Support
- Inventory visibility Training

**Global Inventory Accounting**

- External services for global inventory accounting
- Global inventory accounting
- Global inventory accounting Security
- Global inventory accounting Support
- Global inventory accounting Training
- Global inventory accounting Help
- Global inventory accounting Updates
- Global inventory accounting Security
- Global inventory accounting Governance
- Global inventory accounting Support
- Global inventory accounting Training
- Global inventory accounting Help

**Regulatory Compliance Service**

- External services for regulatory compliance
- Regulatory compliance
- Regulatory compliance Security
- Regulatory compliance Support
- Regulatory compliance Training
- Regulatory compliance Help
- Regulatory compliance Updates
- Regulatory compliance Security
- Regulatory compliance Governance
- Regulatory compliance Support
- Regulatory compliance Training
- Regulatory compliance Help

**Electronic Invoicing**

- External services for electronic invoicing
- Electronic invoicing
- Electronic invoicing Security
- Electronic invoicing Support
- Electronic invoicing Training
- Electronic invoicing Help
- Electronic invoicing Updates
- Electronic invoicing Security
- Electronic invoicing Governance
- Electronic invoicing Support
- Electronic invoicing Training
- Electronic invoicing Help

**Microsoft Cloud for Healthcare**

- Capabilities to manage health data in healthcare organizations
- Connected patient experiences
- Patient insights
- Health team collaboration
- Health team productivity
- Health team engagement
- Clinical analytics
- Operational analytics

**Microsoft Cloud for Financial Services**

- Capabilities to manage financial services data for financial services organizations
- Unified customer profile
- Remote sales and service
- Financial crime protection
- Wealth management
- Banking customer engagement
- Retail banking
- Loan manager
- Intelligent appointments
- Financial crime protection
- General insurance
- Customer management
- Data orchestration
- Risk analytics

**Microsoft Cloud for Nonprofit**

- Capabilities to manage nonprofits organizations
- Volunteer Engagement
- Volunteer Management
- Nonprofit marketing template
- Deliver effective programming
- Accelerate mission outcomes
- Collaboration manager
- Payment processing

**Microsoft Cloud for Manufacturing**

- Capabilities to manage manufacture organizations
- Frontline worker empowerment
- Learning and knowledge management
- Digital advertising
- Production visibility
- Asset productivity
- Operational capabilities
- Supply chain visibility
- Digital twins and digital thread
- Product development
- Digital selling

**Microsoft Cloud for Retail**

- Capabilities to manage retail organizations
- E-commerce personalization
- Digital advertising
- Digital and smart stores
- Loss and fraud prevention
- Anywhere commerce conversion
- Multichannel fulfillment
- Integrated customer service
- Shopper analytics
- Inventory management
- Retail media

**Microsoft Cloud for Sustainability**

- Help companies measure, understand and take charge of their carbon emissions
- Connect emissions data sources into one view
- Public reporting
- Dynamic calculation
- Operational-specific dashboards
- Emission reporting
- Data-driven scorecards and goals
- Value chain visibility
- Smart facilities
- Actionable insights
- Audience intelligence

**Microsoft Customer Experience Platform**

- Customer engagement solution
- Rich out-of-the-box AI and insights
- AI-orchestrated customer journeys
- Consent, governance, and privacy management
- Event management
- Digital advertising
- Audience intelligence
- Web traffic monetization

**Dynamics 365 Remote Assist**

- Mixed reality remote presence tool
- HoloLens-based
- Knowledge and service insights work
- Video calling
- Mobile sharing for mobile app
- Service and repairs
- Surveys and walkthroughs
- Remote cooperative work
- Asset Capture
- Mobile support
- Power Apps integration
- Teams integration

**Dynamics 365 Guides**

- Holographic instruction tool
- Touch to one menu
- Touch to one menu
- Mobile devices scaling
- 3D models scaling
- Non-linear (branching) workflows
- Guides constructor
- Attachments support
- Step by step instructions
- Instructor cards management
- Spatial Triggers
- Power Apps integration
- Productivity dashboards

**Dynamics 365 Import tool**

- Tool importing 3D models to MR solutions
- Optimize the converted 3D models
- Convert 3D models to CLB
- Layouts support
- Send models to Microsoft
- HoloLens support
- Visio add-in support

**Microsoft 365**

- Office solutions
- SharePoint
- Outlook
- Word
- Skype
- Teams
- Excel
- OneDrive
- Power BI
- Visio
- Planner

**Microsoft Azure**

- Cloud computing solution
- Azure Bot
- Machine Learning
- Logic Apps
- IoT Suite
- Cloud computing
- Cognitive Services
- DevOps
- AppSource
- Regression
- Automation

**Microsoft Graph**

- Gateway to data and intelligence
- Manage employee profiles
- Excel integration
- Convert documents
- Real-time updates
- Microsoft Graph API

**Microsoft Viva**

- Employee experience platform
- Viva Goals
- Viva Connections
- Viva Learning
- Viva Engage
- Viva Insights

**Microsoft Loop**

- Powerful and flexible canvas with portable components
- Shared spaces
- Atomic units of productivity
- Flexible canvas
- Teams integration
- Dynamics 365 integration

**Microsoft Digital Contact Center Platform**

- Contact center solution
- Customer self-service
- AI-incent prediction
- Intelligently connect customers to virtual and live agents
- Hyper-personalized or omnichannel service
- Predictive targeting

- Планувати ділову діяльність на основі отриманих замовлень чи прогнозів
- Керувати фізичними, людськими та фінансовими ресурсами
- Розраховувати та аналізувати доходи та прибутки (або збитки) від діяльності
- Звітування перед органами контролю та акціонерами
- Реєструвати операції, що є результатом діяльності

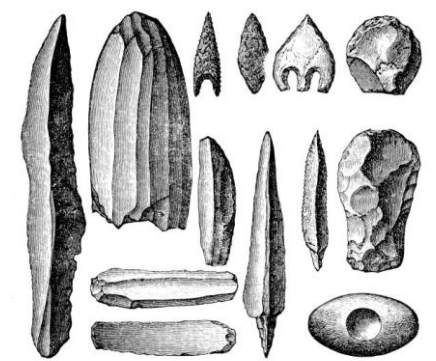

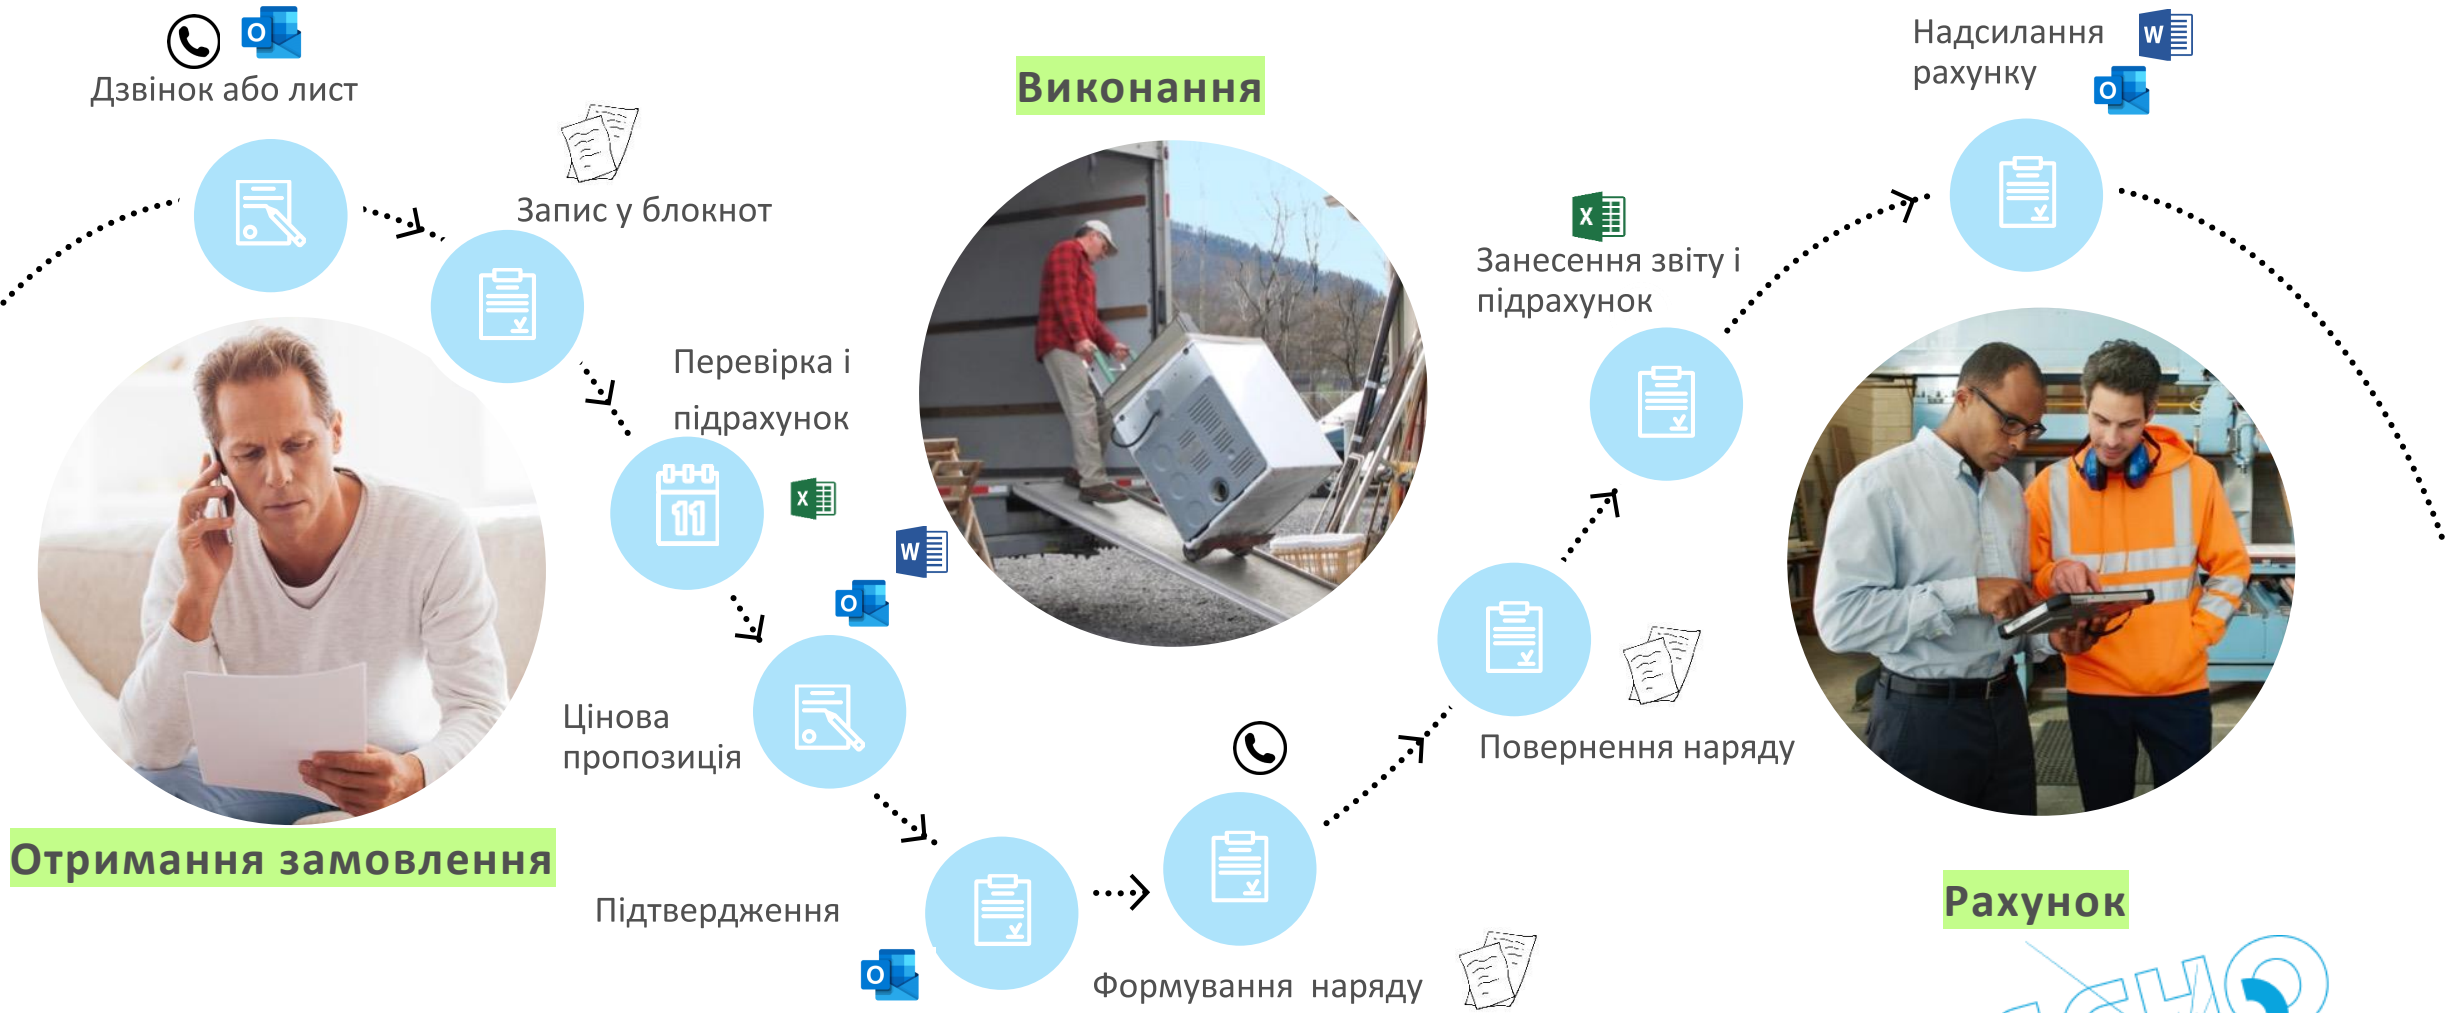

- Планувати ділову діяльність на основі отриманих замовлень чи прогнозів

# POWER PAGES

Вебсайт для зареєстрованих та анонімних користувачів

Low-code Конфігуратор

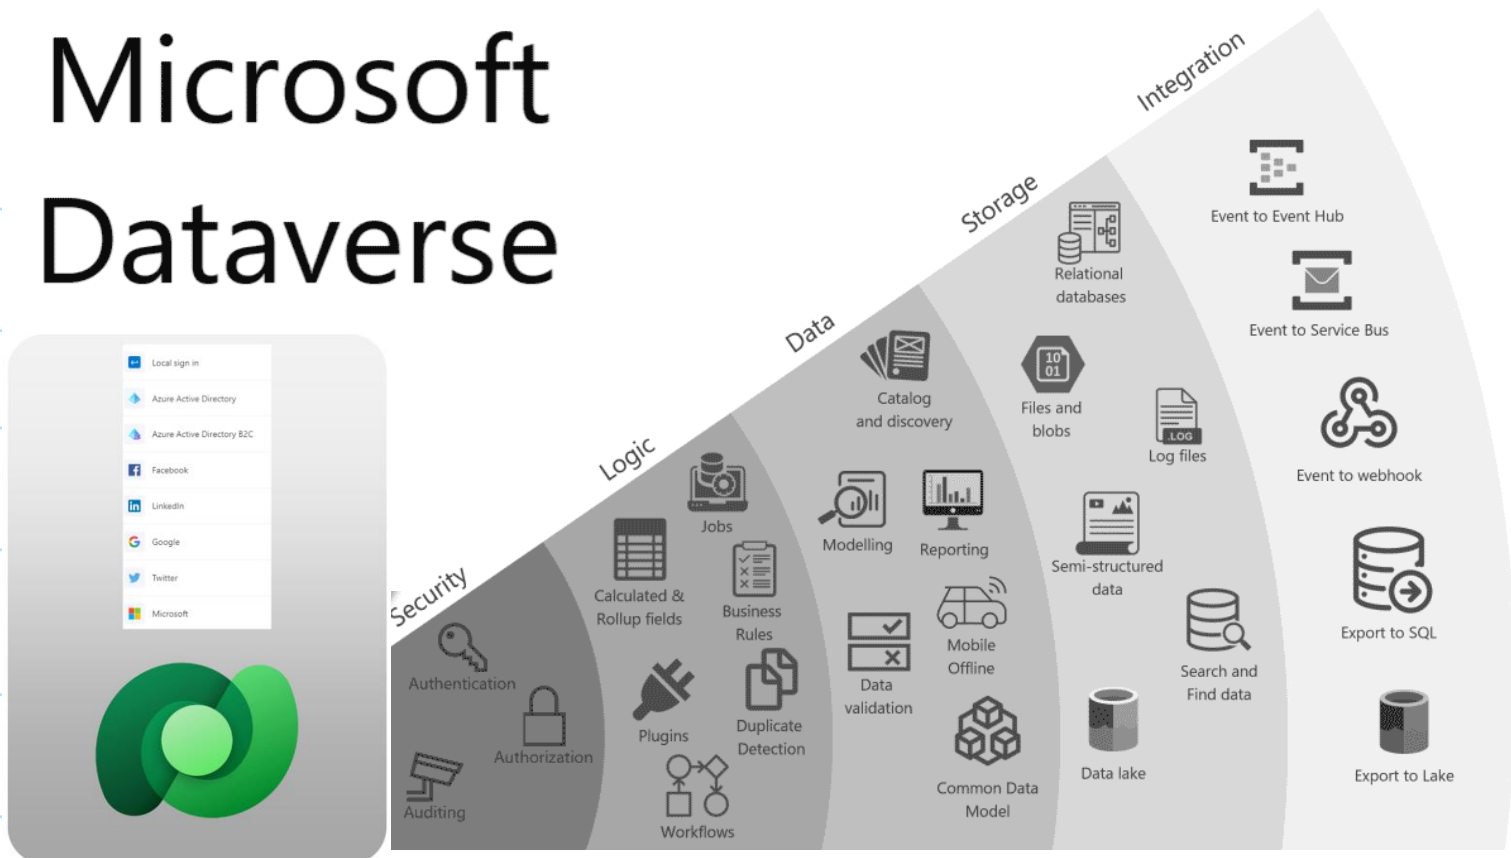

# Microsoft Dataverse

База даних

Можливість доступу як зареєстрованих користувачів так і анонімних

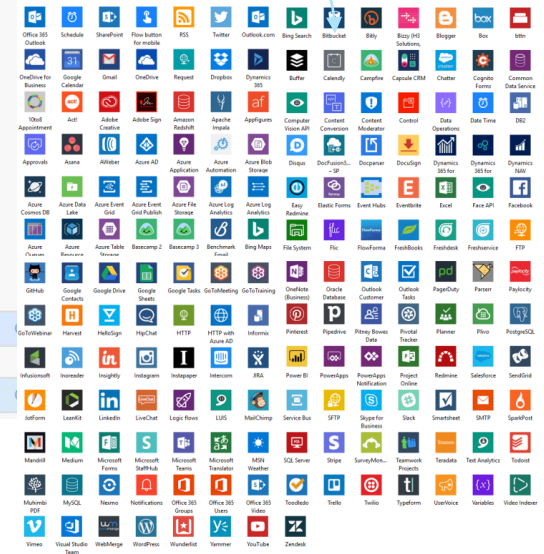

Можливість автентифікації за допомогою сторонніх сервісів (SSO)

Low-code конфігуратор автоматизаційних процесів

1000+ конекторів в інші системи включно з тими які не належать до екосистеми Майкрософт

Power Pages

Power Automate

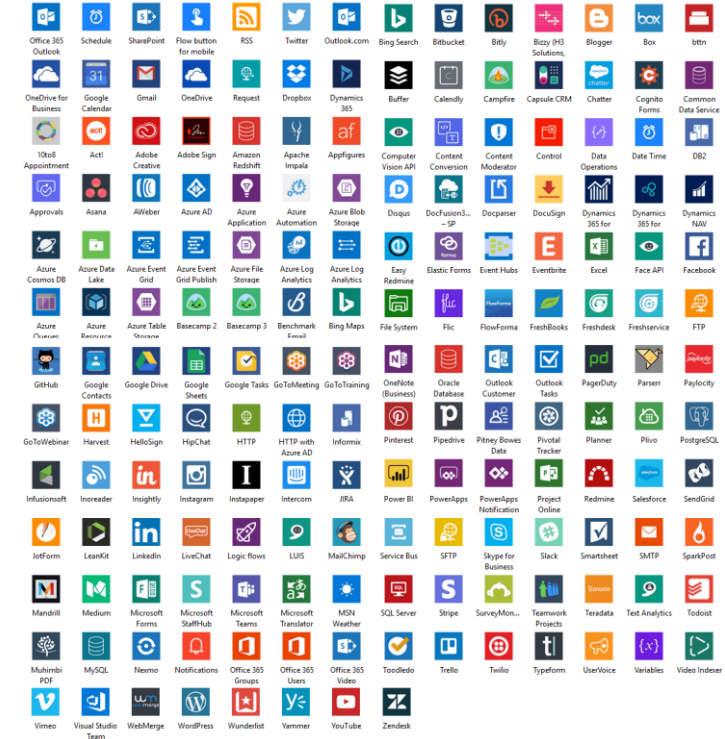

Dataverse

Copilot Studio

=

Зовнішній Портал

- Створення нових замовлень
- Відстеження замовлень
- Обмін документами
- Реєстрація візитів
- Уточнення загальної інформації
- ...You name it

# ЯК ВИРІШУЄТЬСЯ?

SharePoint

=

Внутрішній  
веб портал

- Новини компанії
- Центральний доступ до документів, процедур, довідників

Power Apps

=

Мобільний  
застосунок

Power Automate

- Отримувати інструкції
- Доступ оффлайн
- Звітувати щодо виконаних завдань, чи проблем
- Передавати фото, документи
- Реєструвати відпустки, лікарняного
- Доступ до довідників даних

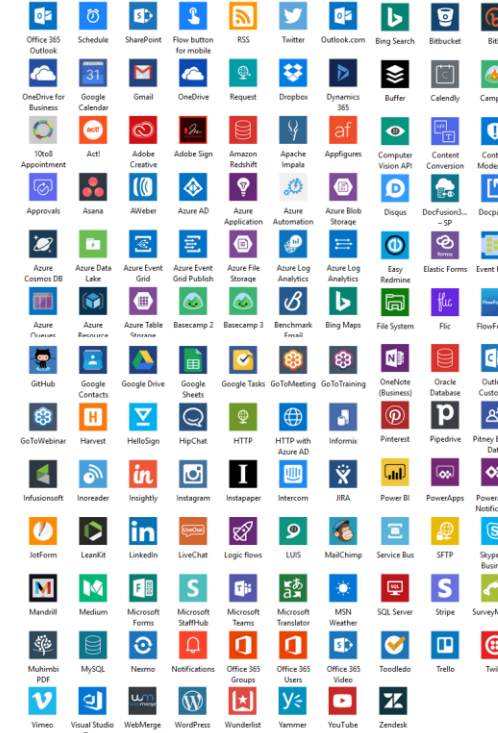

Teams

=

Єдина  
платформа  
співпраці

- Канали з розмеженими правами доступу
- Дзвінки, чати, обмін файлами
- Інтеграція з Microsoft 365
- Безліч інтегрованих застосунків

# ERP – ДЛЯ УНІВЕРСАЛЬНИХ ПОТРЕБ БІЗНЕСУ

Фінанси	Торгівля	Склади
Планування	Проекти	Логістика
Продажі	Виробництво	Ресурси
